

## EVGA Announces: It's Official - the e-GeForce 7800 GTX KO Video Card "Gear of the Year 2005"

**Brea, California and Munich, Germany - November 28, 2005** — EVGA Corporation, the leading edge 3D processor board brand of the United States of America with it's newly expanded European office EVGA GmbH located in Germany, is pleased to announce that it was recently featured in the December 2005 issue of MAXIMUMPC receiving the Video Card - GEAR of the YEAR 2005 Award for the e-GeForce 7800GTX KO Edition w/ACS<sup>3</sup>.

The GEAR of the YEAR Award is reserved for the year's culturally significant technologically advanced and all-round ass-kicking PC hardware, where this year over 400 products were tested and only 15 made the list. The Maximum PC editorial staff meets in a high-security windowless room at a remote, undisclosed location to cast their votes for the recipients of the prestigious Maximum PC Gear Award.

*"This is the fastest card we've ever put in a single PCI Express slot." Maximum PC*

The e-GeForce 7800 GTX KO is available in additional colors: Black, Rose, Green and Silver.

### About EVGA

Founded in 1999, EVGA has grown exponentially in the channel, serving the system builder, distribution and retail markets with products that offer the highest in quality and customer satisfaction, thereby making the computer experience transparent to the hardware in the box. EVGA only offers visual processing products based on NVIDIA chipsets and in year 2005 expanded its product line to include motherboards.
