Introducing the EVGA Z12 Gaming Keyboard

Introducing the EVGA Z12 Gaming Keyboard, the entry level EVGA Z12 keyboard with IP32 Spill-Resistant to protect against accidental mishaps while gaming. With 5 zone RGB, dedicated media keys, macro keys, and Cherry stem compatible keycaps, the Z12 is a great introduction into EVGA's Z-Series gaming keyboards.

Spill Resistant

Accidents can happen. With IP32-rated spill resistance, the EVGA Z12 RGB gaming keyboard is capable of withstanding accidental spills to keep you covered.

Enhanced Controllability

Five dedicated and programmable macro keys, plus a full set of media keys give you full control at your fingertips.

Cherry MX Style Keycaps Compatible

A standard layout and Cherry MX-style stems allow you to use any custom Cherry MX stem compatible keycaps.

Ergonomics

Connect an optional EVGA Premium Magnetic Palm Rest to the gaming keyboard and type comfortably with the smooth foam that protects your wrists.

*EVGA Premium Magnetic Palm Rest sold separately

Illuminate

EVGA Z12 features 5 zones of customizable RGB LEDs. Full control via the EVGA UNLEASH RGB software.

About EVGA

Founded in 1999, EVGA has grown exponentially in the channel, serving the system builder, distribution and retail markets with products that offer the highest in quality and customer satisfaction, thereby making the computing experience transparent to the hardware in the box. EVGA only offers visual processing products based on NVIDIA chipsets and in year 2005 expanded its product line to include motherboards.
